

***NEW** Biomedical accessories*

Introducing our new line of storage solutions, BioChill™ Drawer and BioChill™ Shelf.

These new options are made in Aluminum which is ideal for retaining the cold inside your medical cabinet even during frequent door openings. Additionally they are perforated so that the airflow inside the cabinet is still optimal, thus eliminating hot and cold spots in your Medical refrigerator.

BioChill™ Shelf

FEATURES

- Made in Aluminum to retain cold
- Perforated to optimize airflow
- Quick to install and rearrange
- Easy to clean

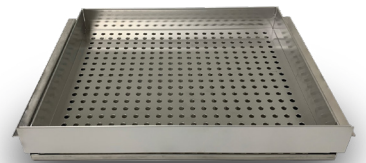

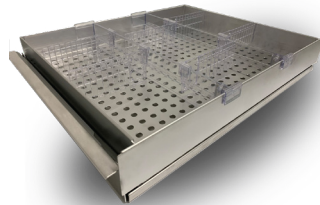

100% RECYCLABLE MATERIALS

BioChill™ Drawer

FEATURES
