## VFS 048 SDD

### SOLAR DIRECT DRIVEN ICEPACK FREEZER

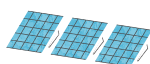

This efficient SDD icepack freezer is making sure that icepacks for vaccination field trips are always frozen and ready to go. The icepacks will freeze with 24 hours after placing them in the freezer. The included solar panel kit of 2 x 180W, is connected plug & play, directly to the appliance. The new controller with LED display and a junction-box to safeguard and provide easy access to electrical components, makes it highly accessible. The appliance comes with locking mechanism, adjustable legs and basket for storage. Our VFS SDD are PQS certified according to the newest performance standards.
